EAGAN, Minn. (PRWEB) June 30, 2018

Charles E. Crutchfield III, MD of Crutchfield Dermatology, was named a Top Doctor in Mpls. St. Paul Magazine, 2018. Mpls. St. Paul Magazine's Top Doctors rankings are determined by a survey sent to 5,000 physicians and nurses in the metro area. Survey participants are asked to nominate one or more doctors (excluding themselves) whom they would choose if they or a loved one were seeking medical care. The candidates who made the final list were evaluated on indicators of peer recognition, professional achievement, and disciplinary history. Less than 3% of physicians are recognized with this honor by their peers.

"I am honored to have been selected by my peers as a top dermatologist. There is nothing more humbling and satisfying than to be recognized by my colleagues for the quality service to patients and the best skin care in Minnesota. I truly appreciate their recognition and confidence in naming me for this best skin care honor," said Dr. Crutchfield, Eagan Dermatologist.

Dr. Crutchfield specializes in the treatment of acne, psoriasis, vitiligo, atopic dermatitis and ethnic skin disorders. Additionally, Dr. Crutchfield is considered one of the best cosmetic dermatologists in the United States, having developed tremendous programs for the treatment of unwanted wrinkles and unwanted fat.
