• DERMATOLOGIST FOR THE MINNESOTA TWINS, VIKINGS, TIMBERWOLVES, LYNX AND WILD PROFESSIONAL SPORTS TEAMS.
Charles E. Crutchfield III, M.D., (pictured at age 3 with his parents on their graduation from the University of Minnesota Medical School in 1963) has been a regular recipient of multiple “Top Doctor” awards for the past 14 years. Additionally, he is the only dermatologist to be selected every year as a “Top Doctor for Women” by Minnesota Monthly magazine. He was recently recognized by Minnesota Physician as one of “100 Influential Healthcare Leaders” in Minnesota. Dr. Crutchfield has also been distinguished as one of the leading physicians in the United States and is among the 4 percent of physicians selected as one of the “Best Doctors in America.” Crutchfield Dermatology offers over 10 years of experience treating medical and aesthetic skin issues. There are many options for skin care, “but nothing can compare to the quality, care, and expertise of an experienced, board-certified dermatologist,” explains Dr. Crutchfield.

A graduate of the Mayo Clinic College of Medicine, Dr. Crutchfield is a Clinical Professor at the University of Minnesota Medical School and Carleton College. He teaches medical students, residents and other physicians, and is a recent recipient of the Minnesota Medical Association Foundation’s “Minority Affairs Meritorious Service” award. He has co-authored dermatology textbook as well as a children’s book on skin care, Little Charles Hits A Home Run! He has published more than 100 skin care articles and has an award-winning website, CrutchfieldDermatology.com. A regular expert contributor to many Twin Cities’ newscasts, radio programs, newspapers and magazines, Dr. Crutchfield was recently recognized by The Grio.com, a division of NBC news, as one of the “Top 100 Newsmakers Making History in the United States.” Dr. Crutchfield was also selected as the first recipient of the Medica-KARE 11 Physician Health Care Heroes Award. He is a member of the University of Minnesota’s President Club for establishing an annual dermatology lectureship honoring his parents, both graduates of the University of Minnesota Medical School. His latest endeavor is to implement a new initiative to require automobile, cell phone, and insurance companies to equip cars with mandatory technology that disables texting while driving.

Awarded Mayo Clinic’s “Karis Humanitarian Award,” Crutchfield embraces the Mayo brothers’ philosophy: “First and foremost, do what is best for the patient.” Dr. Crutchfield designs a custom skin care program that incorporates treatments at the forefront of medical care. His clinic is an Acne, Psoriasis, and Aesthetic Care Center of Excellence that includes a newly expanded Skin and MediSpa. The first “Expert Injector” in Minnesota, Dr. Crutchfield is the founding member of “Doctors For The Practice Of Safe & Ethical Aesthetic Medicine” (safeandethicaldoctors.org). Named one of Minnesota Business magazine’s “100 Best Companies to Work For,” Crutchfield Dermatology is fortunate to have attentive and caring staff who reflect the integrity and professionalism of a clinic where satisfaction is paramount. The reception area is graced with fresh cut flowers, a generous bowl of free skin care samples, and complimentary wireless Wi-Fi for patient productivity. When wary pediatric patients are presented with Crutchfield’s huge trademark rubber ducks, apprehension dissolves into delighted smiles!

“I treat each patient personally with the highest quality care possible. If you have a skin care problem, I dedicate myself to addressing it. My staff and I treat our patients with courtesy, dignity, and respect. We make our patients look good and feel great with beautiful skin. At Crutchfield Dermatology we truly believe that ‘Experience Counts and Quality Matters.’”
